NOTICE OF DETERMINATION  
MITIGATED NEGATIVE DECLARATION

CRAIG A. KRAMER, CLERK-RECORDER

To:  Office of Planning and Research  
P.O. Box 3044, 1400 Tenth Street, Room 22  
Sacramento, CA 95812-3044

From: City of Elk Grove  
Development Services, Planning  
8400 Laguna Palms Way  
Elk Grove, CA 95758

County Clerk-Recorder  
Sacramento County  
PO Box 839, 600 8th Street  
Sacramento, CA 95812-0839

**SUBJECT:** Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code

**PROJECT TITLE:** Wilton Road Culvert Replacement Project

**PROJECT LOCATION:** Wilton Road, approximately 1,800 feet southeast of the Grant Line Road/Wilton Road intersection at Clark Lake

**ASSESSOR'S PARCEL NUMBER(S):** N/A

**PROJECT DESCRIPTION:** The proposed project would replace the existing 60-inch CMP culvert located on Wilton Road, approximately 1,800 feet southeast of the Grant Line Road/Wilton Road intersection, with two 5-foot by 7-foot concrete box culverts. A coffer dam would be installed at both ends of the culverts to allow for work within the lake. Three trees, a stump, and a fallen log located in front of the existing culvert would require removal in order to establish a clear water flow path through the new culverts and eliminate unsafe conditions due to partially exposed root structures. A minimum of four-foot deep, water cut-off walls would be installed at the base of the culverts on the inlet and outlet openings to prevent piping that could undermine the integrity of the roadway, and rip rap would be installed on either side of the culverts to protect the road embankment. Beaver protection screens would also be installed on both the inlet and outlet openings of the culverts to prevent beavers from constructing dams inside of the proposed culverts. Additionally, roadway excavation and grading for removal and installation of drainage culverts, and roadway base and pavement installation, would take place.

**APPLICANT:** City of Elk Grove  
8400 Laguna Palms Way  
Elk Grove, CA 95758  
(916) 361-8384

This is to advise that on September 28, 2005, the City of Elk Grove City Council adopted a Mitigated Negative Declaration, pursuant to the California Environmental Quality Act (CEQA), and approved the above referenced project. As part of the adoption of the Wilton Road Culvert Replacement Project Mitigated Negative Declaration, the City took the following actions:

- Made findings that a Mitigated Negative Declaration had been prepared and completed in compliance with CEQA.
- Made findings that on the basis of the Mitigated Negative Declaration, comments received, and the whole record that there is no substantial evidence that the project will have a significant adverse impact on the environment.
- Mitigation measures were made a condition of approval of this project.

**AVAILABILITY OF THE MITIGATED NEGATIVE DECLARATION:**

The Mitigated Negative Declaration may be reviewed at the following location:
